

Filtering facepiece Piccola

SI-985-2000 / SI-311-2002

Piccola FFP1

SI-271-2001

Piccola FFP2-V

SI-274-2001

Piccola FFP3-V

SI-277-2001

Benefits

- High filter efficiency and low breathing resistance due to the Synsafe™ filter material.
- Soft inner layer is more comfortable to the wearer.
- Adjustable head harness, suitable for every head size
- Lightweight, folded, easy to carry
- Individually packaged to ensure clean and ready use every time
- Stored in a convenient dispenser-box (20 pcs. per box)
- Colour-coded masks and dispenser-boxes make it easier to differentiate between protection levels

Technical Data

Type of equipment	multiple ¹⁾ of limit value ²⁾	Comments, restrictions	Order-No.
FFP1	4	Not against aerosol droplets, carcinogenic and radioactive substances, microorganisms (virus, bacteria, fungi and their spores) and enzyme.	67 37 819
FFP1-V			67 37 820
FFP2	12	Not against radioactive particles, virus and enzyme.	67 37 821
FFP2-V	12		67 37 822
FFP3-V	50		67 37 823

¹⁾ Modifications due to national regulations may occur.

²⁾ Limit values can e.g. be MAK-values (MAK = German acronym, concentrations at the workplace) and values such as O.E.L. (Occupational Exposure Limit). In this respect it is possible that for some substances special workers' protection rules apply.

DrägerService

Dräger equipment must always be fully operational and safe. DrägerService offers a regular inspection service and is quickly available in the event of malfunction. Your equipment will be repaired and back in operation as quickly as possible. DrägerService facilitates the vital flow of information between client and manufacturer.

Dräger Expertise

Since 1889, Dräger has had an outstanding reputation for solving problems in the field of human breathing. Dräger has been deeply involved in the handling of gases, in particular hazard protection and the saving of life in medical and industrial emergencies. Many of the company's 9500 employees are active in research and innovation to ensure that the latest techniques and scientific advances are fully tested before their inclusion in new equipment.

Dräger Worldwide

The Dräger sales and service organisation is spread throughout the world. It comprises more than 25 subsidiaries and associated companies to ensure that Dräger is always within easy reach of its clients and in close contact with all important markets. Dräger's ever increasing market share demonstrates the company's international competitiveness and strength.

Dräger has subsidiaries in the following countries: Australia, Austria, Belgium, Bulgaria, Canada, China, Croatia, Czech Republic, Denmark, France, Great Britain, Hungary, Indonesia, Italy, Japan, the Netherlands, Norway, Romania, Singapore, Slovenia, Slovakia, South Africa, Spain, Sweden, Switzerland, Thailand, Yugoslavia, USA. Additionally, Dräger is widely represented in Central and South America, Africa, the Middle East, the Far East and Eastern Europe.

Quality and Environmental Management

Our mission includes the continuous improvement of our Quality and Environmental Management Systems in accordance with ISO 9001 and ISO 14001.
