Specifications

Specifications	<ul style="list-style-type: none"> European Norm ISO EN 20345:2014-SB Tested by SATRA - Approved Body Identification Number : 0321
Special Features	<ul style="list-style-type: none"> Sole resistant to 90°C (degrees Celsius) Padded Tongue ensures maximum comfort Padded Upper Collar ensures increased comfort
Sole	<ul style="list-style-type: none"> Temperature Maximum 90°C (degrees Celsius) Oil Resistant Dual Density PU Slip Resistance - Tested to SATRA PM144 1992 and meets these requirements However, care should always be taken on wet or oily surfaces Crack Resistance - Tested to 30,000 flex cycles
Toe Cap	<ul style="list-style-type: none"> Tested to an impact resistance of 200 Joules
Anti Static Properties	<ul style="list-style-type: none"> Product is anti static. If application is life critical additional consultation with product expert is required. Electrical resistance can be significantly changed by flexing, contamination or moisture. Introduction of additional inner sole reduces static resistance
Sizing	<ul style="list-style-type: none"> Available from Size 4 to Size 13 (Unisex)

Uses

Suitability

Comments

General	Highly suitable	
Construction	Suitable	
Mining		Care in very wet areas required. Gumboots would be more suitable for wet area applications
Petrochemical		Highly oil resistant but reference to chemical chart below is recommended
Engineering	Suitable	
Power Generation	Suitable	
Agriculture	Suitable	
Food & Health	Widely used	Reference to Chemical resistance in cleaning areas may be necessary
Fishing & Allied Industries		Care in very wet areas required. Gumboots would be more suitable for wet area applications
Fabrication	Highly suitable	
Metal Industries	Highly suitable	Temperature limitations must be observed. Steel midsole advised to protect against penetration
Motor Industry	Highly suitable	
Glass Manufacturing & Fabrication		Steel midsole advised to protect against glass penetration of the sole (Ref: RE608-S3, RE210-S3, FX2-S1P)
Municipality	Suitable	
Waste Disposal	Highly suitable	Steel midsole advised to protect against penetration of the sole (Ref: RE608-S3, RE210-S3, FX2-S1P)
Civil Contracting	Highly suitable	
Moving and Rigging	Suitable	
Forestry		
Telecommunications	Highly suitable	In the appropriate job requirement
Contract Labour	Highly suitable	
Transport - Air, Road & Rail	Highly suitable	
Transport - Shipping	Highly suitable	

It is important that the footwear selected must be suitable for the protection required by the wearer and the environment. If any uncertainty exists consultation between buyer and seller should be conducted to ensure that the correct footwear is selected. This application guide only offers very general advice and should be confirmed if there may be any concerns over potential protection from hazards of any form.
